Re: Office of Citizen Complaints 2014 Annual Comprehensive Statistical Report

I. INTRODUCTION

Pursuant to San Francisco City Charter section 4.127, the Office of Citizen Complaints presents its 2014 Annual Comprehensive Statistical Report.

II. ORGANIZATIONAL AND BUDGET MATTERS

A. Staffing

The OCC has served under the leadership of Director Joyce M. Hicks since November 2007. The OCC began 2014 with 31.75 filled full time equivalent positions. The staff included 14 permanent journey level investigators and two senior investigators but an investigator and a senior investigator were on leaves of absence before the year's end. Seventeen journey level investigator positions were included in the budget for a total of 34.75 full time equivalent positions but only 15 journey level investigator positions could be filled due to budget mandates including a mandated vacancy factor and step adjustments which reduced the OCC's personnel budget by nearly \$300,000.

While by December 31, 2014, fifteen (15) journey level investigators were employed by the OCC, two of them were acting as senior investigators and an additional journey level investigator was on an extended leave of absence. During 2014, the OCC hired two temporary employees to perform investigator tasks; however, City personnel rules prohibit employment of temporary employees for full time positions for longer than six months in a fiscal year. By December 31, 2014, both temporary investigators had been released but one had been hired permanently as the fifteenth journey level investigator.

B. Budget

During the third quarter 2014, Mayor Lee signed the City's two year budget for 2014/15 and 2015-16. The budget provided the OCC with \$5.1 million for each budget year. It also provided funding for a car to replace the OCC's aging Crown Victoria with a Toyota Prius.

The budget included the following 34.75 positions:

1. Department Head
2. Deputy Director
3. Attorney (3.75)
4. Information Technology Business Analyst
5. Executive Assistant
6. Senior Account Clerk
7. Senior Investigator (3)
8. Investigator (17)
9. Principal Clerk
10. Clerk Typist (3)
11. Senior Clerk Typist (2)

In the fourth quarter, the Mayor's Office provided the 2015/16 and 2016/17 budget instructions. City departments were directed to prepare a two year budget with no reduction for the first year and a 1% reduction for the second budget year. For this reduction, the OCC's target is \$34,538.00. To meet the 1% budget reduction target of \$34,538 for FY 16/17, the OCC would reduce its clerical staff.

The OCC's fiscal year 2014/2015 baseline budget of \$5,127,411.00 includes \$4,510,124.00 in personnel costs. Personnel costs comprise 90% of the OCC's budget. The personnel costs partially fund 34.75 positions; however, due to attrition costs and step adjustments, the OCC's personnel budget is \$300,000 short. The remainder of the OCC's budget, \$482,149, is for operations. Of this operations amount, the OCC pays \$307,132 or 64% to the City to rent the OCC's office at 25 Van Ness Avenue.

C. City Controller's 2007 Recommendations for OCC Process Improvement

The Controller's Audit division issued audit findings in a January 24, 2007 audit report that recommended 16 cases as a best practices caseload for civilian oversight of law enforcement investigators. As of December 31, 2014, the OCC had two vacant 8124 journey level investigator positions, one journey level investigator on a three month leave of absence, one vacant 8126 Senior Investigator position and another vacant 8126 Senior Investigator position due to an indefinite long term leave of absence. With full staffing of 17 journey level investigators with none of them acting as Senior Investigators and the case inventory of 335

Page 3 of 48

cases as of December 31, 2014, an investigator's caseload would average 20 cases, but with its 15 investigators, two whom were acting 8126 investigators, an investigator's caseload averaged 22 cases with a median caseload of 24.

In 2014, two 8124 investigators acted as Senior Investigators due to two vacant Senior Investigator positions, one unfilled since Deputy Director Baltazar's promotion in August 2013 and one vacant due to an indefinite long term leave. In order to fill one of the three vacant 8124 positions, the OCC used its funding for the vacant Senior Investigator position, still leaving the OCC with three vacant investigator positions, two 8124 positions and one 8126 position. The OCC is constrained from filling the three vacant investigator positions because of the \$300,000 shortfall in its personnel budget.

In another 2007 recommendation, the Controller's Office determined that OCC investigations should be completed within nine months or ten months at the latest. The OCC has endeavored to meet these goals but has never reached 100% compliance because of inadequate investigator, information systems, and attorney staffing. In its 2012/2013 budget, a seventeenth and eighteenth 8124 investigator position were recommended by the Mayor but the Board of Supervisors reduced the augmentation by one to a seventeenth 8124 investigator.

Inadequate information systems technology staffing continued to slow the maintenance of the OCC's database and hardware and software. The OCC has one information systems business analyst to provide for electronic production of evidence and documents, maintain hardware and software for 34.75 staff members, and maintain its intranet, website, and database.

The 3.75 staff attorneys at the OCC perform legal reviews of OCC complaints, sustained reports, hearing requests, subpoenas, and document requests from State and Federal court. Additionally, the legal unit is responsible for facilitating an average of 50 mediations a year, analysis of police practices and policies and the OCC's community outreach program.

At the conclusion of 2014, the OCC determined that to manage its caseload effectively, the OCC would submit a 2015/16 and 2016/17 budget proposal that would enable it to fill all its three 8124 and 8126 investigator positions, partially relieve the OCC from the formula pinning salaries to the midpoint and attrition, and add 4.25 positions.

D. Training

During 2014, the OCC continued implementing its strategic plan for training its employees. OCC staff members attended the National Association for Civilian Oversight of Law Enforcement (NACOLE) annual training conference. Two senior staff members attended joint NACOLE and International Law Enforcement Auditors Association training. Staff also attended in-house training to assist in investigations. Additionally, staff members attended nonviolent crisis intervention training and management and supervisory staff received the City's harassment in the workplace training.

E. Customer Satisfaction Survey

During 2014, OCC staff compiled results from customer satisfaction surveys gathered from police officers and complainants at the conclusion of the investigation of their cases during the period September 2011 through March 2013. The delay in preparation of this report is attributable to the OCC's lack of sufficient staffing for the generation of this type of statistical report. However, the OCC was able to marshal the resources of then temporary investigator, Candace MilesThreatt-Carpenter, who had a background in drafting similar reports. Between September 2011 and March 2013, the OCC mailed surveys to 1504 complainants and 2,419 officers. Responses were received from 6% percent of complainants and 6% percent of officers. Since the response rate was so low, it is difficult to draw conclusions from the survey data, but the OCC will seek to improve its customer service based on the limited pool of responses. A brief summary of the results are below. The OCC continues to collect customer satisfaction survey data and will generate a second report in 2015 covering the period April 2013 through December 2014.

Satisfaction with the Complaint Process in General

Complainants

- 27% of the complainants were satisfied or very satisfied with the OCC's complaint process.
- 24% of the complainants were neither satisfied nor dissatisfied with the OCC's complaint process.
- 42% of the complainants were either dissatisfied or very dissatisfied with OCC's complaint process.
- 7% of the complainants did not know.

SFPD Officers

- 39% of the officers were satisfied or very satisfied with the OCC's complaint process.
- 20% of the officers were neither satisfied nor dissatisfied with the OCC's complaint process.
- 41% of the officers were either dissatisfied or very dissatisfied with OCC's complaint process.

Bias within the Complaint Process

Complainants

- 61% of the complainants agreed or strongly agreed that the complaint process was biased in favor of the police.

SFPD Officers

- 57% of the officers either agreed or strongly agreed that the complaint process was biased in favor of the citizens.

Highlights from the Complainants' Survey

- 74% of the complainants agreed or strongly agreed that it is important to have an independent Office of Citizen Complaints.
- 60% of the complainants reported that it was easy or very easy for them to file their complaint.
- 75% of complainants reported that OCC staff was polite.
- 75% reported that they were treated with respect.

- 50% of the officers reported that their basic rights were well protected within the complaint process.
- 45% of the officers agreed or strongly agreed that the OCC investigates all complaints thoroughly.
- 59% of the officers were either satisfied or very satisfied with the outcome they deserved.
- 37% either disagreed or strongly disagreed that the OCC usually makes fair findings.
- 42% either disagreed or strongly disagreed that the OCC investigates complaints efficiently.
- 48% of the officers either disagreed or strongly disagreed that the OCC investigates all complaints in an unbiased manner.

In 2015, the OCC will begin compiling data from survey responses received from April 2013 through December 2015. As a result of the Satisfaction Survey, the OCC management and its front-line leadership will aggressively move forward to reinforce the agency's commitment to fairness and impartiality, keeping the following strategies in mind.

- Provide more outreach and education to the public, complainants and officers about the OCC's complaint process;
- Provide complainants with periodic updates of the investigation progress;
- Continue to administer customer satisfaction surveys and report on results every two years; and
- Continue to open lines of communication between the agency, SFPD and the public

VI. INVESTIGATION UNIT AND INVESTIGATION OF CASES

Deputy Director Erick Baltazar managed the Investigation and Clerical Units in 2014. The three investigative teams led by Senior Investigators Edward McMahon and Acting Senior Investigators Sherry Fletcher and Steve Ball consisted of 14 permanent journey level investigators at the beginning of 2014 and 13 at year's end as one of them was on a long term leave of absence. Two temporary employees served as the 14th and 15th journey level investigators, but since two journey level investigators were acting Senior Investigators, only 13 journey level investigators had full caseloads.

In 2014, the OCC opened 728 new cases and closed 706 cases. In 2013, the OCC opened 727 new cases and closed 722 cases. Beginning in 2010, civilian complaints filed with the OCC trended downward. The most dramatic decrease occurred in 2010 with a 16% decrease in complaints filed in 2009. Since 2010, complaints filed with the OCC have decreased by 14%.

In 2014, the OCC received 728 complaints and closed 706 complaints of police misconduct or failure to perform a duty. The 728 complaints opened represent the second lowest number of complaints received by the OCC in 22 years of reliable statistical records. The OCC sustained 58 complaints which is an 8.2% sustained rate. The 8.2% sustained rate is both the average and median sustained rate for the period beginning 1993 and ending 2014. The OCC mediated 50 cases, a 7% mediation rate.

The investigators' average caseloads at 2014's conclusion were 22 but the median caseload was 24 cases. Two investigators had 26 cases and another three had 25 cases. Some investigators had as few as 12 cases because they had complex cases such as officer involved shootings and other investigators with smaller caseloads were in limited duration positions, were junior level in experience or were acting supervisors.

The OCC's pending cases at the close of 2014, 335 of them, were the third highest number of pending cases at the year's close in five years. During 2014, OCC investigators closed 55% of the OCC's 2014 cases. Due to understaffing at the OCC, investigators began to lose ground, not only with the number of pending cases but also with the timeliness of investigations when closing cases. The average number of days to close cases in 2014 was 163 days compared to 156 days in 2013. In spite of these challenges, the OCC's sustained rate was 8.2% in 2014, two percent higher than 2013 when it was 6%. The OCC's 22-year average sustained rate is 8.2% and its median sustained rate over 22 years is the same.

Although challenged by staffing issues, the investigative staff continued to demonstrate its commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and impartially. In 2009, with 17

Page 11 of 48

journey investigators, the OCC investigators' caseloads were reduced to 21 cases per investigator. In 2010, with only 10 investigators, their caseloads increased to 31 cases per investigator. By the end of 2011, with 14 investigators having full caseloads and a continued decrease in complaint filings, the investigators' caseloads were less than an ideal number but were more manageable at 23 cases per investigator. By the end of 2012, with 13 investigators having full caseloads and a continued decrease in complaint filings, the investigators' caseloads continued to be a less than ideal number but were more manageable at 21 cases per investigator. By the end of 2013 with 14 investigators having full caseloads and a continued decrease in complaint filings, the caseloads remained at 21 cases per investigator. Finally, by the end of 2014 with 13 investigators having full caseloads and no decrease in complaint filings, the investigators' caseloads increased to an average of 22 cases and a median of 24 cases.

In its 2007 audit of the OCC, the Controller's Office reported that, after studying comparable caseloads at other agencies, OCC investigators had a far higher caseload than investigators in comparable agencies. The Controller found that the average caseload in comparable agencies was 16 cases per investigator while the OCC's investigators had an average caseload of 34 cases in 2007.

By the close of 2014 seven cases from prior years were pending. Two of the pending cases were filed in 2011. These two cases were tolled because the officers were under criminal investigation. Five of the pending cases were filed in 2013. Two of the 2013 cases were tolled because the subject officers were on disability leave, another case involved a criminal investigation, the fourth case was tolled as the complainant had a pending criminal case and the fifth case had no sustainable allegations. At year's end, 335, or less than half (46%) of the complaints filed in 2014, were pending. Insufficient staffing continued to have a negative impact on the time it took to investigate a case to completion. Fortunately, insufficient staffing did not appear to have a negative impact on the sustained rate and the sustained rate of 8.2% in 2014 was the second highest sustained rate in five years. The 2014 sustained rate of 8.2% was both the mean and median sustained rate over a 22-year period. (See Appendix "A", page 7)

In studying sustained rates over the past five years against the twenty-two year mean, in 2010, the sustained rate was 8.9% or 108% of mean. In 2011, the sustained rate was 6.97% or 85% of mean. In 2012, the sustained rate decreased again to 6.007% or 64% of mean. In 2013, the sustained rate was 5.955% or 72% of the mean. Then in 2014, the sustained rate increased to 8.2% or 100% of the mean. (See Appendix "A", page 8)

VII. SAN FRANCISCO POLICE DEPARTMENT STAFFING TRENDS AND OTHER STATISTICS

A. A Minimal Decline In Sworn Staff Between 2014 And 2013

The number of sworn SFPD staff decreased only by seven from a total of 2126 officers in 2013 to 2119 officers in 2014. In previous years, sworn staff numbers had declined significantly. Between 2009 and 2014, the number of sworn SFPD staff declined by almost eleven percent from 2372 sworn staff to 2119.

B. Twenty-three Percent Decrease in SFPD's Calls for Service Since 2008

San Francisco's Department of Emergency Management (DEM) data indicates that SFPD's calls for service have continued to decrease since 2008. The number of urgent and non-urgent calls¹ for service in 2008 totaled 1,667,218. In 2014, calls for service had dropped to 1,283,044 representing a 23% reduction since 2008.

C. Seventy-three Percent Satisfaction Rate with the San Francisco Police Department

In a 2014 poll conducted on behalf of the San Francisco Chamber of Commerce by David Blinder Research, 73% of the participants were favorable and 19% were unfavorable to the San Francisco Police Department. The results in 2013 were a 76% favorable rate and a 16% unfavorable rate.²

IX. STATE AND NATIONAL TRENDS IN POLICE MISCONDUCT COMPLAINTS

A. Thirty Percent State-wide Decrease in Police Misconduct Complaints After 2007

California Department of Justice data show a thirty percent (30%) statewide decrease in the number of reported citizens' complaints against peace officers between 2007 and 2013. In 2007, California law enforcement agencies cumulatively reported 24,358 citizens' complaints against peace officers, compared to 23,470 complaints in 2008. Between 2011

¹ Calls for service include telephone calls received by the Department of Emergency Communications and officer-initiated activity that results in an entry into the Computer Aided Dispatch (CAD) System with a designated priority of A, B, C or info broadcast. CAD incidents include: mobile response on-view, logged & advised calls, waiting calls & referrals, and duplicate calls. Info broadcasts provide information for officers in the area, and are generated by calls that lack a victim, reporting party, or suspect description. A limited number of these calls do result in a mobile police response.

² San Francisco Chamber of Commerce 2014 City Beat Poll results,

<http://sfcc.org/2014-City-Bat-Poll-Results-FINAL.pdf>

and 2012 complaints increased by 9% from 18,590 to 20,363.³ However, in 2013 complaints fell to 17,032, a record low not previously experienced since 1998 when 17,483 complaints were reported. Citizens' complaints in San Francisco decreased from 954 to 727, a twenty-four percent (24%) decrease between 2007 and 2013.

B. Nationwide, Police Misconduct Complaints Have Decreased In Several Civilian Oversight of Law Enforcement Agencies.

The volume of civilian complaints of police misconduct has decreased at several civilian oversight of law enforcement agencies. The nation's largest civilian oversight agency, the New York City Civilian Complaint Review Board (CCRB), has experienced an 11% decrease in complaints from 5,388 complaints in 2013 to 4,779 complaints in 2014.⁴ Washington D.C.'s Police Complaints Board's complaints decreased by 12% from 2013 to 2014.⁵ Chicago's Independent Police Review Authority opened 13% fewer investigations in 2014 than in 2013⁶ While citizen complaints decreased in San Francisco between 2007 and 2013, the number of complaints in 2013, 727, is identical to number of complaints filed in 2014.

VIII. COMPLAINANTS AND HOW COMPLAINTS WERE RECEIVED

The demographic characteristics of complainants can be found in tables and charts in Appendix "A" beginning on pages 15 through 21. In 2014 African Americans at 25.52% and Caucasians at 28.27% made up the largest percentage of complainants. The majority of complainants, 58.51%, were male. According to 2014 U.S. Census Bureau data, African Americans were only 6.0% of San Francisco's population, yet they were 25.52% of the OCC's 2014 complainants. The majority of complainants fell between the ages of 20 and 50. In 2014, slightly over 96% percent of the case intakes were in English. The next most frequent language was Spanish comprising 3% of the case intakes (24 cases). The following three languages totaled less than one percent of the case intakes, Cantonese (2 cases), Korean (1 case) and Russian (1 case). (See Appendix "A" page 21.)

Complainants have several avenues for filing complaints with the OCC. Over a five-year period, the most frequent method for complaint filing has been in person. The next two most frequent filings have been by mail and by phone with filings by phone steadily

³ The California Department of Justice has not yet issued its 2014 statistics on citizens' complaints received by law enforcement agencies.

⁵ See Washington D.C.'s Police Complaints Board Office of Police Complaints Annual Report Fiscal Year 2013 in which 440 complaints were received. (See page 29). Nicole Porter, policy analyst of OPC reported to the OCC that it received 389 complaints during the 2014 fiscal year.

increasing since 2010 and surpassing in person complaints in 2014. The fourth most popular method for complainants is filing with the Police Department in person, by mail, phone, or email. Department General Order 2.04, section II, paragraph A., subsection 3 requires commanding officers to refer immediately civilian complaints of police misconduct to the OCC. Between 2010 and 2011, referrals from the Police Department declined by five percentage points from 14% in 2010 to 9% in 2011. However, between 2011 and 2012, referrals from the Police Department increased by two percentage points from 9% in 2011 to 11% in 2012, they declined by one percentage point to 10% in 2013 and further declined to 9% in 2014. The percentage of referrals from the Police Department in 2014, 9%, tied with 2011 as the lowest percentage of referrals over a five year period. (See Appendix "A" page 12.)

IX. OFFICERS WITH COMPLAINTS

Seventy-six percent of the San Francisco Police Department's force was complaint free in 2014. Five hundred seven (507) officers received complaints in 2014. This comprises 24% of the police force. Of these 507 officers, 375, or 74% of them, each received one complaint. Another 105 officers each received two complaints. Sixteen (16) officers each received three complaints. Ten officers (10) received four complaints. One officer received more than five (5) complaints. (See Appendix "A" page 25.)

X. ALLEGATION TYPES

The 728 complaints received by the OCC in 2014 contained allegations ranging from courtesy to unnecessary force. (See Appendix "A", page 27.) The largest percentage of allegations (33%) was for unwarranted action. The second highest percentage of allegations (29%) was for conduct reflecting discredit, followed by neglect of duty (27%) and unnecessary force (8%). Between 2013 and 2014, the percentage distribution of allegation types only varied by a few percentage points in the unnecessary force and conduct reflecting discredit categories.

Unnecessary force allegations comprised 8% of the 2014 allegations. The OCC sustained four allegations of unnecessary force in 2014. These four sustained allegations were from two cases. In one case one officer received a sustained finding of unnecessary force and in the other case involving two co-complainants, three officers each received one sustained finding of unnecessary force against one of the co-complainants.

Complainants alleged biased policing in 79 cases, which comprised 11% of cases filed in 2014. Of these, 74 cases alleged racial bias, two (2) cases alleged gender bias, and three

Page 15 of 48

(3) cases alleged both racial and gender bias. The OCC did not sustain any bias allegations in 2014. Claims of bias in 2014 increased by 30% over 2013. (See Appendix "A" page 23.)

XI. COMPLAINTS OF NOTE

A. Single Room Occupancy Hotels

At the end of 2014, the OCC continued to investigate two complaints filed in 2011 involving multiple officers regarding unlawful entries and searches of single room occupancy (SRO) hotel rooms. Other allegations in these complaints include unlawful search of persons, unlawful detentions and arrests, failure to properly process property including laptops and cameras, failure to investigate, failure to supervise and inappropriate behavior.

B. Officer-Involved Shootings

In the first quarter of 2014, the OCC received one complaint regarding the officer-involved shooting of Alejandro Nieto. Four officer involved shootings were under investigation during the first quarter of 2014. Of the four officer-involved shooting complaints under investigation, three resulted in the death of the suspects. At the close of the fourth quarter, the most recently received officer involved shooting case, the Alejandro Nieto case, remained pending.

C. Officer-Involved Discharge During Vehicle Pursuit

In 2014, the OCC received a complaint regarding a vehicle pursuit where an officer discharged his firearm at the suspect during the pursuit. The case remained pending at the close of 2014.

D. SFPD Investigation of the Death of a Bicyclist Involved in a Vehicle Collision

In 2014, the OCC concluded its investigation of a case where in 2013 a complainant alleged SFPD inadequately investigated the death of a bicyclist involved in a vehicle collision. The complainant also alleged a sergeant behaved inappropriately during a rally in the wake of the cyclist's death.

E. SFPD Investigation of a Missing Person

In 2014, the OCC concluded its investigation of a case where a complainant alleged SFPD inadequately investigated the disappearance of Lynne Spalding, a patient at San Francisco General Hospital who was later found deceased in a stairwell.

F. Officers' Response to Bystander Videotaping Police Officers Contacting an Individual

In 2014, the OCC concluded its investigation of a case where in 2013, the OCC received several complaints regarding a video taken by a bystander and posted on an Internet site. The video showed the bystander videotaping a contact between an individual

and SFPD officers when the bystander was taken into custody. Allegations in the complaint include the unlawful detention and arrest of the bystander, failure to comply with Department General Order 5.04 (Rights of Onlookers), failure to promptly provide name and star number, use of profanity and inappropriate behavior.

G. Valencia Gardens Incident

In 2014, the OCC concluded its investigation of a case where in 2013; the OCC received two complaints regarding an incident that involved several SFPD officers and residents of the Valencia Gardens housing complex. The complaints alleged excessive use of force, unlawful detentions and arrests, unlawful entry and inappropriate behavior.

H. Complaint Regarding SFPD's Crime Lab

During the first quarter of 2014, the OCC received a complaint from a sexual assault victim who complained about SFPD's failure to promptly process evidence. The investigation was pending at the close of 2014.

I. City College Incident

In 2014, the OCC concluded its investigation of a case where during the first quarter of 2014, the OCC received a complaint alleging excessive use of force during a demonstration at San Francisco City College.

XII. FINDINGS AND ALLEGATIONS IN CLOSED CASES

A. Standard of Proof

The evidentiary standard for making findings in OCC cases is the "preponderance of the evidence". "Preponderance of the evidence" means that in balancing the probabilities that the incident occurred as the complainant said it did, it is more likely than not (greater than 50%) that the complainant's allegation is true. Often, only the complainant and the officer witness an event, making it difficult to either prove or disprove the allegation.

B. Findings Other Than Sustained

By far the most frequent finding in all allegations was "not sustained". In 2014, the finding for 64% of allegations in OCC complaints was "not sustained". Officers were found to have engaged in proper conduct in 19% of the allegations. Complainants' allegations were "unfounded", or not true, in three percent (3%) of the allegations. Complainants withdrew four percent (4%) of the allegations. The OCC reached "no finding" in four percent (4%) of the allegations. The OCC makes a "no finding" resolution for a number of reasons including, the complainant's failure to cooperate in the investigation, the complaint is not grounded in reality or the OCC does not have jurisdiction because the alleged officer is not a member of the sworn San Francisco Police Department staff. Another reason for "no finding" is the

Office of Citizen Complaints 2014 Annual Report

May 13, 2015

Page 17 of 48

officer is retired and without the officer's interview, there is insufficient evidence to make a finding. (See Appendix "A" page 53.)

C. Sustained Findings

The OCC sustained six percent (6%) of the allegations in complaints filed in 2014. The most frequently sustained allegation was neglect of duty representing 50% of sustained allegations. Unwarranted action followed at 35% of sustained allegations. Conduct reflecting discredit represented 9% of sustained allegations. Courtesy represented two percent (2%) of sustained allegations. Unnecessary force represented three percent (3%) of sustained allegations. One sexual slur allegation was sustained, representing one percent (1%) of sustained allegations. (See Appendix "A", page 46.) Summaries of sustained cases are found in Appendix pages 29-45.

The number of days to close sustained cases decreased by 18 days to 298 in 2014 from 280 days in 2014. In 2014, only 27% of sustained cases were completed within nine months but no sustained case was completed more than 365 days after filing. In 2013, only 51% of sustained cases were completed within nine months.

The impediments to prompt completion of sustained cases are attributable to at least four factors: 1) larger than best practices caseloads for investigators resulting in longer times to complete investigations,⁷ 2) active trial calendars for the two prosecuting attorneys who also serve as advice attorneys on sustained cases and sustainability reviews, 3) increased policy work for the policy analyst attorney who also serves as an advice attorney on sustained cases and sustainability reviews, and 4) not enough supervising investigators to review the cases.

During the first quarter of 2014, there were sustained allegations of neglect of duty in three of the eight sustained complaints, or 38% of them. Two of these three complaints with sustained neglect of duty allegations, or two thirds of them, were for failure to collect traffic stop data. Sustained complaints for failure to collect traffic stop data comprised 25% of all sustained complaints the first quarter.

Additional allegations sustained include:

1. Unwarranted action

- a. Detaining and searching a complainant and removing his cell phone from his pocket without cause.

⁷ In its January 27, 2007 audit report on the OCC, the Controller's CSA division found that 16 cases per investigator was a best practices caseload for civilian oversight investigators. The OCC caseload during the first quarter of 2014 was 23 cases.

- b. Seizing complainant's guns on two occasions, entering and searching his house, detaining and handcuffing complainant's roommate, and detaining and handcuffing complainant's roommate's girlfriend, all without cause.
- c. Issuing a citation without cause.

2. Conduct reflecting discredit:

- a. Making rude comments to a taxi fare who didn't want to pay a tip by saying, "I don't play. I have 25 years on the job. I'm not going to mess with a drunk. I'm going to drag your ass to jail. You're going to sit down at the County Jail and you're going to be cited for defrauding an innkeeper. That means taxi, hotel, gas station, any of that. Do you understand that? You'll be sitting down at the County in orange pajamas going, 'Man, I should've just paid this. I just blew...' How much money did you spend on drinking tonight? And you wouldn't give the guy a dollar? Seriously? Wow! Isn't that your word?"
- b. Calling the complainant a coward because the complainant didn't intervene with a violent man who was harassing pedestrians and instead the complainant questioned the lieutenant's physical contact with the violent individual.
- c. In response to the complainant who was cursing the officer, the officer said, "Why don't you come over here and say it to my face?"
- d. Wrongfully ordering a DMV priority reexamination of the complainant's driver's license in apparent retaliation for the complainant's attitude and not because the complainant showed signs of incapacity while committing a traffic violation. Also failing to notify the complainant that if he did not contact the DMV in five days, his license would automatically be suspended causing the DMV to suspend the complainant's license.

3. Neglect of duty for:

- a. Writing an inaccurate incident report.
- b. Failure to comply with DGOs 5.08 by wrongfully conducting a traffic stop while in plainclothes and in an unmarked vehicle.

During the second quarter of 2014, there were sustained allegations of neglect of duty in 12 of the 16 sustained complaints, or 75% of them. Four of these twelve complaints with sustained neglect of duty allegations, or 33% of them, were for failure to collect traffic stop data. Sustained complaints for failure to collect traffic stop data comprised 25 % of all sustained complaints the second quarter.

 - i. In violation of Department General Order 5.20, failure to record the custodial interview of a Limited English Proficient Spanish speaker.
 - j. Failure to properly investigate a dispute over a bicycle, failure to write an incident report, and failure to book the bicycle into evidence.

During the third quarter of 2014, there were sustained allegations of neglect of duty in 14 of the 15 complaints with sustained allegations, or 93% of them. Four of these fifteen complaints with sustained neglect of duty allegations, or 29% of them, were for failure to

collect traffic stop data. Complaints with sustained allegations for failure to collect traffic stop data comprised 26 % of all complaints with sustained allegations the third quarter.

Additional allegations sustained included:

1. Unwarranted action:
 - a. Using a Department computer to access Facebook and make written comments on Facebook unrelated to Department work.

 - d. Failure to properly process complainant's property resulting in the loss of the complainant's bicycle when the complainant was taken into custody.

- m. Failure to prepare an incident report in a dispute between a taxi driver and the driver's fares.
- n. Failure to properly investigate a dispute over a bicycle resulting in the officer's seizure of the bicycle and release of the bicycle to a person the complainant alleged had wrongfully taken it from the complainant. Failure to prepare an incident report documenting the dispute over a bicycle.

During the fourth quarter of 2014, there were sustained allegations of neglect of duty in 12 of the 19 complaints with sustained allegations, or 63% of them. Five of these 12 complaints with sustained neglect of duty allegations, or 42% of them, were for failure to collect traffic stop data. Complaints with sustained allegations for failure to collect traffic stop data comprised 26 % of all complaints with sustained allegations the fourth quarter.

Additional allegations sustained included:

- 1. Unwarranted action:
 - a. An officer misapplied the law in citing the complainant for jaywalking.
 - b. An officer detained and arrested the complainant without justification.
 - c. In violation of Department General Orders 5.08 and 9.01, officers in plainclothes and in an unmarked vehicle conducted a traffic stop.
 - d. An officer violated Department General Orders 2.01, sections 7 and 9 by misapplying Penal Code section 647 (f). The officer cited the complainant for being drunk in public when the complainant was not in public, he was in the locked basement hallway of a private apartment building.

5. Unnecessary force:

The force used by an officer to detain the complainant was unnecessary because the detention and arrest were without justification.

D. Sustained Findings for Failure to Collect Traffic Stop Data

In 2014, officers failed to collect traffic stop data in 15 of 58 cases with sustained findings or in 29% of cases with sustained findings. This is an improvement from 2013 where officers failed to collect traffic stop data in 15 of 43 cases with sustained findings. (See Appendix "A" pages 29-45.) These allegations were sustained when an officer failed either to complete the worksheet for traffic stop data or to enter the information into the MDT in the patrol vehicle or at the station's computer in the case of motorcycle officers.

The Chief of Police is imposing progressive discipline for officers who repeatedly fail to collect traffic stop data. The discipline generally begins with an admonishment for the first offense, but for repeated offenses, the Chief of Police has recommended that the OCC prepare charges for him to file with the Police Commission.

Dr. Lorie Fridell in her 2007 study on Fair and Impartial Policing in San Francisco discusses the importance of accurate data collection should a department determine that it will collect traffic stop data.⁸ The Northeastern University Racial Profiling Data Collection Center cites several benefits of collecting stop data for both law enforcement and the community.

⁸ Lorie Fridell, PhD. (March 2007) Fair and Impartial Policing: Recommendations for the City and Police Department of San Francisco, p. 73.

The Center has found that collecting data about those who are stopped, searched, cited and arrested can⁹:

- Send a strong message to the community that the department is against racial profiling and that racial profiling is inconsistent with effective policing and equal protection
- Build trust and respect for the police in the communities they serve
- Provide departments with information about the types of stops being made by officers, the proportion of police time spent on high-discretion stops, and the results of such stops
- Help shape and develop training programs to educate officers about racial profiling and interactions with the community
- Enable the development of police and community dialogue to assess the quality and quantity of police-citizen encounters
- Allay community concerns about the activities of police
- Identify potential police misconduct and deter it, when implemented as part of a comprehensive early warning system
- Retain autonomous officer discretion and allow for flexible responses in different situations

E. Chief of Police's Adjudication of OCC Sustained Cases

When the OCC Director forwards a sustained case to the Chief of Police, she can either recommend that the Chief of Police file charges with the Police Commission and after meeting and conferring with the Police Chief, if the Police Chief declines her request, the OCC Director can file charges on her own with the Police Commission. Alternatively, the OCC Director can determine that a case warrants ten days or less of suspension. Sustained cases that the OCC Director determines would warrant no more than ten days of suspension are adjudicated by the Chief of Police. The Chief of Police determines whether to sustain the OCC's findings and what discipline he may impose.

During the first quarter, the Chief of Police adjudicated four OCC sustained cases as follows:¹⁰

- **Neglect of Duty** – in violation of the San Francisco Police Department Field Training Manual, March 2010 edition, while conducting a traffic stop, the officer failed to notify Dispatch. **The officer was admonished.**

⁹ Northeastern University Racial Profiling Data Collection Center

<http://www.racialprofilinganalysis.nwu.edu/background>

¹⁰ Cases adjudicated by the Chief of Police during the first quarter are not necessarily cases that were sustained by the OCC during this first quarter.

- **Neglect of Duty** – in violation of Department Bulletin 11-097, San Francisco Police Department traffic stop data collection policy, while conducting a traffic stop of a bicyclist for running a red light, the officer failed to collect traffic stop data. Chief Suhr disagreed with the OCC’s sustained finding and instead found a Policy Failure because SFPD’s stop data collection policy specifically refers to vehicles, not bicycles. This case demonstrated the constraints of SFPD’s traffic stop data collection policy since it could be narrowly interpreted to apply only to vehicles. Other jurisdictions have broader stop data collection requirements that apply to all stops, not just traffic stops. **The officer was not disciplined, as the finding was Policy Failure. Subsequently, on May 21, 2013, the Police Department adopted Department Bulletin 13-091 which included bicycle stops for moving violations.**¹¹
- **Neglect of Duty** – in violation of San Francisco Police Department traffic stop data collection policy, an officer failed to collect traffic stop data when conducting a traffic stop. **The officer was admonished.**
- **Neglect of Duty** – in violation of Department General Order number 2.01, paragraph 14. Public Courtesy, an officer failed to promptly and politely provide his name and star number upon the complainant’s request. The officer instead told the complainant the complainant could find the information on the citation. **The officer was admonished.**

During the second quarter, the Chief of Police adjudicated thirteen OCC sustained cases as follows:¹²

- **Neglect of duty** – An officer detained and searched the complainant and removed the complainant’s cell phone from his pocket without cause. **The officer was admonished and retrained.**
- **Neglect of Duty** – An officer failed to collect traffic stop data. **The officer was admonished and retrained.**
- **Neglect of Duty** – An officer failed to collect traffic stop data. **The officer was admonished and retrained.**

¹¹ In addition to bicycles, pedestrians stopped for moving violations were included in the Police Department’s latest Department Bulletin on traffic stop data, Department Bulletin 14-049, adopted March 3, 2014.

¹² Cases adjudicated by the Chief of Police during the second quarter are not necessarily cases that were sustained by the OCC during this second quarter.

May 13, 2015

Page 25 of 48

- **Conduct Reflecting Discredit** – An officer made rude comments to a fare who did not want to pay the taxi driver a tip. **The officer received a written reprimand.**
- **Conduct Reflecting Discredit** – A lieutenant called the complainant a coward for failing to stop a violent suspect from harassing people and instead questioning the lieutenant on the lieutenant's physical contact with the suspect. **The lieutenant was admonished and retrained.**
- **Unwarranted Action, Neglect of Duty, and Conduct Reflecting Discredit** – Two officers in plain clothes in violation of DGOs 5.08 and 9.01, issued the complainant a traffic citation when there was no evidence that the complainant's driving created an aggravated situation requiring the officer's immediate attention. One of the officers incorrectly cited the complainant for parking in a prohibited area, Traffic Code section 32B, when the officer claimed that the complainant refused to pay the parking meter and had parked too far from the curb.

One of the officers wrongfully ordered a DMV priority reexamination of the complainant's driver's license in apparent retaliation for the complainant's attitude and not because the complainant showed signs of incapacity while committing a traffic violation. The officer also failed to notify the complainant that if he did not contact the DMV in five days, his license would automatically be suspended causing the DMV to suspend the complainant's license.

The other officer failed to write a complete incident report because it omitted the parking citation he issued to the complainant and in the incident report the officer also omitted reference to the priority reexamination proceeding he initiated against the complainant.

The officer who ordered the priority reexamination in addition to wrongfully making a traffic stop in plain clothes received a one day suspension.

The officer who wrote an incomplete incident report in addition to wrongfully making a traffic stop in plain clothes received a written reprimand.

- **Conduct Reflecting Discredit** – An officer called a jogging complainant a knucklehead when the officer ordered the complainant to get back on the sidewalk and away from a trench and in response, according to the officer, the

jogger was sarcastic and stopped in the middle of the street. **The officer was admonished and retrained.**

- **Neglect of Duty** – An officer failed to ensure that the complainant's juvenile son's property was properly secured resulting in the loss of her son's cell phone. **The officer was admonished and retrained.**
- **Neglect of Duty** – An officer failed to collect traffic stop data. **The officer was admonished and retrained.**
- **Neglect of duty** – In violation of Department General Order 7.01 and Department Bulletin 12-190, a first phase recruit officer and the officer's Field Training Officer (FTO) failed to Mirandize a juvenile when they took the juvenile into custody in the field. Although they stated they Mirandized the juvenile at the police station when they interrogated her, they failed to record the interrogation in violation of Department General Order 7.01 and Department Bulletin 12-190. The FTO also violated Department General Order 3.01 and the 2010 SFPD Field Training Manual when the FTO failed to properly supervise the recruit when the recruit failed to issue a Miranda warning when he first took the juvenile into custody in the field and also failed to record the second required Miranda warning and the interrogation at the police station. A sergeant violated Department General Orders 1.04 and 1.06 and the SFPD Report Writing Manual for improperly supervising the officers when the sergeant approved the incident report which did not refer to evidence of a recording of the interrogation. When there was no reference to a recording on the evidence face sheet of the incident report, the sergeant did not ask the officers whether they recorded the interrogation. If he had, he would have learned that they did not and they were in violation of 7.01 and Department Bulletin 12-190. **The officers and sergeant were admonished and retrained.**
- **Neglect of Duty** – An officer failed to collect traffic stop data. **The officer was admonished and retrained.**
- **Neglect of duty** – In violation of California Vehicle Code section 40505 and the San Francisco Police Department Field Training Manual, an officer failed to fully complete a notice to appear for traffic violations by neglecting to include on the notice his name, star number, issuing unit identifier and the date of issuance. **The officer was admonished and retrained.**
- **Unnecessary Force** – In violation of Department General Order 5.01, a Field Training Officer ("officer") who was training a recruit responded to a dispatch about a fight and an officer trying to control the situation. After responding to

May 13, 2015

Page 27 of 48

the incident, the officer used unnecessary force when he hit the complainant with a closed fist strike with his right hand to the left side of her face, near her eye. The officer struck the complainant after she spit directly in his face near his eyes. The officer claimed he feared he would be spit on again and he considered spit in the face to be a direct threat to his safety as bodily fluids contain potentially dangerous diseases. The officer had no physical contact with the complainant prior to or after the closed fist strike. Other officers struggled to detain the complainant and eventually they placed a spit mask on her head. **The officer received a written reprimand.**

During the third quarter, the Chief of Police made the following determinations on the twenty-one OCC cases where the OCC made a sustained finding on one or more allegations as follows:¹³

- **Neglect of Duty** – A sergeant failed to collect traffic stop data. **The sergeant was admonished and retrained.**
- **Discourtesy** – In violation of DGO 2.01, General Rules of Conduct, Rule 14, Public Courtesy, an officer used profanity and a sexual slur. **The officer was admonished and retrained.**
- **Neglect of Duty** – In violation of Department General Order 5.20, an officer failed to interview the complainant in her primary language, Cantonese. **The officer was admonished and retrained.**
- **Neglect of Duty** – In violation of Department General Order 5.20, an officer failed to record the custodial interview of a Limited English Proficient Spanish speaker. **The officer was admonished and retrained.**
- **Unwarranted Action and Neglect of Duty** – In violation of DGOs 5.08, Non-Uniformed Officers and 9.01, Traffic Enforcement, while in plain clothes and driving an unmarked vehicle, officers initiated a traffic stop and issued the complainant a traffic citation for conduct that did not constitute an “aggravated situation” and for conduct that was not observed. An officer wrote the wrong vehicle code section and date on the complainant’s citation. By conducting a traffic stop in violation of DGOs 5.08 and 9.01, the officers detained the complainant without justification. **The officers were admonished and retrained.**

¹³ Disciplinary determinations made by the Chief of Police during the third quarter are not necessarily for cases where the OCC made findings of sustained during this third quarter.

- **Neglect of Duty** – An officer failed to collect traffic stop data. **The officer was admonished and retrained.**
- **Neglect of Duty** – An officer failed to collect traffic stop data. **The officer was admonished and retrained.**
- **Neglect of Duty** – In violation of DGO 6.15, Property Processing, an officer failed to process the complainant's bicycle for safekeeping which resulted in the loss of the bicycle. **The officer was admonished and retrained.**
- **Unwarranted Action** – In violation of DGO 10.08, Unauthorized Use of Office Technologies and Department Bulletin 13-156, Use of Computers and Peripheral Equipment, an officer used a Department computer and Department internet access without permission to make written comments on Facebook that were unrelated to her work. **The officer received a written reprimand.**

- **Neglect of Duty and Unwarranted Action** – The OCC determined that in violation of Department General Order 5.02, an officer displayed his weapon to the young teenaged complainant without justification and in violation of Department General Order 5.03; the officer detained the complainant without reasonable suspicion and failed to issue the complainant a certificate of release.

Office of Citizen Complaints 2014 Annual Report

May 13, 2015

Page 29 of 48

Chief Suhr did not concur that the officer was out of policy in displaying his weapon but he found the officer should have explained to the complainant why he displayed the weapon once the officer quickly determined the complainant was not the suspect. Chief Suhr found the detention proper but concurred that the officer should have documented the detention and issued the complainant a certificate of release. **Admonishment and retraining.**

- **Neglect of Duty** – In violation of DGOs 1.03, 2.01 and 6.15, an officer failed to properly investigate a dispute over a bicycle, failed to prepare an incident report and failed to properly process property by releasing the bicycle to the person the complainant reported as the bicycle thief. **Written reprimand and retraining.**
- **Neglect of Duty** – Officers failed to properly investigate a collision and failed to write a complete and accurate report. **Suspensions for two officers and written reprimands for two officers. Retraining for all four officers.**

- **Neglect of Duty** – Officers failed to properly process property by forgetting the complainant's property in the trunk of their police car. **Admonishment and retraining.**
- **Unwarranted Action and Neglect of Duty** – In Violation of the Fourth Amendment to the United States Constitution, California Constitution Article I, section 13, and the San Francisco Police Department Field Training Manual for Police Officers, a recruit officer conducted a pat search without articulating objective facts to demonstrate that the complainant might be armed and a danger to the officer. The officer also failed to collect traffic stop data. In violation of The San Francisco Field Training Program Manual for FTOs, the recruit's Field Training Officer failed to properly instruct the recruit on lawful pat searches and the duty to collect traffic stop data. **Admonishment and retraining.**
- **Neglect of Duty** – In violation of Department General Order 5.02. Language Access Services for Limited English Proficient (LEP) Persons, an officer who prepared an incident report based on information obtained by an officer who provided language assistance services, failed to list the officer who provided the language assistance services and did not identify the LEP individuals in the report. In violation of Department Bulletin 1.04. Duties of Sergeants, the recruit's Field Training Officer, a sergeant, who responded to the incident and reviewed the incident report, overlooked the requirement that the incident

report identify the officer who provided the language assistance.
Admonishment and retraining.

- **Neglect of Duty** – In violation of Department General Order 1.04. Duties of Sergeants and 5.03. Investigative Detentions, the supervising sergeant failed to ensure that the complainant was issued a certificate of release after the complainant was released from a twenty minute detention. During the detention, the complainant and his passengers were made to sit on the curb and were handcuffed while the officers searched the complainant's car for guns.
Admonishment and retraining.

During the fourth quarter, the Chief of Police made the following determinations on 19 OCC cases where the OCC made a sustained finding on one or more allegations as follows:¹⁴

- **Unwarranted Action, Neglect of Duty, and Conduct Reflecting Discredit –** Officers failed to promptly and politely provide their names and star numbers when requested, an officer misapplied the law in citing the complainant for jaywalking, and an officer used profanity. **Admonishment and retraining.**

Admonishment and retraining.
- **Unwarranted Action and Neglect of Duty** – In violation of Department General Order 6.09, the SFPD Field Training Manual for Police Officers, Domestic Violence Section 2.37 and the SFPD Academy Post Learning Domain 35, officers failed to recognize that the complainant was the victim of domestic violence at the hands of her boyfriend and wrongfully arrested the complainant for domestic violence instead of her boyfriend. In violation of 1.04. Duties of Sergeants and the above referenced rules, a sergeant negligently approved an insufficient incident report and negligently authorized the officers to arrest the complainant. **Written reprimand and retraining**
- **Unwarranted Action, Unnecessary Force and Neglect of Duty** – Officers detained and arrested the complainant without justification and as a result the force used to detain the complainant was unnecessary. In violation of DGO 5.08 and 9.01 officers in plainclothes and in an unmarked vehicle conducted a traffic stop and an officer failed to collect traffic stop data. **Admonishment and retraining.**

¹⁴ Disciplinary determinations made by the Chief of Police during the fourth quarter are not necessarily for cases where the OCC made findings of sustained during this fourth quarter.

XIII. DISPOSITION OF COMPLAINTS STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT

By the end of 2014, the OCC closed 99% of its 2013 cases. In 2014, 79% of OCC’s cases were closed within 270 days compared to 84% in 2013. Of particular note, however, 98% of cases closed in 2014 were closed within a year of filing which is similar to 99% in 2013. (See Appendix “A” page 62.) The fourteen cases that were older than one year were either tolled by the statute of limitations or had no sustainable allegations.

XIV. CASELOAD MANAGEMENT

The average caseload of 22 cases per investigator as of December 31, 2014 was one case higher than in 2013. As of December 31, 2014, the highest caseload was 26 cases and the lowest was 14 cases. More troubling was the median caseload of 24 cases which exceeds best practices by 50%. (See Appendix "A" pages 130 and 131.) To help manage the caseloads of the journey level investigators, the senior investigators continued monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases. The caseloads continue to be higher than the best practices caseload of 16 cases per investigator as recommended in the San Francisco Controller's 2007 audit report on the OCC's operations.

XV. LEGAL UNIT

In 2014, the OCC's Legal Unit maintained its full complement of four attorney positions: one supervising trial attorney, Ines Vargas Fraenkel, one full-time trial attorney Manny Fortes, one full-time attorney policy analyst, Samara Marion, and one part-time attorney mediation and outreach coordinator, Donna Salazar. During the year, three of the attorneys in the Legal Unit continued to provide legal opinions and analyses as needed. It also continued to conduct sustainability reviews of sustained reports for merit, form and legality, and to edit them as needed.

One of the primary duties of the legal unit is to present misconduct cases to the Police Chief when officers object to proposed discipline of 10-days suspension or less. The legal unit prosecutes and tries cases involving suspensions beyond 10-days up through termination before the Police Commission, as these cases are under the exclusive authority of the Police Commission under the City Charter.

In 2014, the Legal Unit continued to review, prioritize, and adjudicate cases pending at both the Chief's and the Police Commission levels, and to ensure that newly filed cases moved at a timely pace.

During 2014, the Legal Unit prosecuted nine cases. Of these, eight cases involving eight officers were prosecuted at the Chief's Hearing level. The proposed discipline was upheld in all eight cases.

Of the nine cases mentioned above, the Legal Unit prosecuted one before the Police Commission. This case was an appeal from a Chief's level hearing upholding three days suspension for an illegal detention and use of force. The matter went to Settlement

Conference with an assigned Police Commissioner, and after several attempts, the case settled with the officer accepting the suspension without a revised finding.

As part of their duties, the Legal Unit's attorneys also review and edit sustained reports after a matter has been investigated and one or more allegations are deemed sustainable. During 2014, the Legal Unit reviewed, revised, and submitted 44 sustained reports, each of which involved one or more allegations against one or more officers.

The part time member of the Legal Unit reviews requests for hearing by officers and complainants who are dissatisfied with the findings from the investigations of their complaints. She recommends to the Executive Director whether a hearing should be held based on criteria established by the Police Commission. In 2014, no recommendations for hearings were made to the Executive Director. The part time member of the Legal Unit also manages the OCC's mediation and outreach programs which are described in pages 38 and 41 respectively.

In addition to providing legal opinions and analyses as needed and conducting sustainability reviews of sustained reports for merit, form and legality, and editing them as needed, the policy analyst attorney proposed changes in police practices and policies pursuant to City Charter section 4.127. The OCC's policy work is described in below.

XVI. POLICY ANALYSIS

Policy work is an essential aspect of the OCC's mission. While individual discipline is an essential component of law enforcement management, changes to police policies and practices directly impact the entire police force and the community it serves. By comparison, OCC sustained findings in 2014 directly impacted 81 officers or 4 percent of the police department's 2119 sworn officers.

The San Francisco City Charter requires the OCC to present quarterly recommendations concerning SFPD's policies or practices that enhance police-community relations while ensuring effective police services. (Summaries of OCC Policy Recommendations are found in Appendix A, pages 57-61.) Attorney and policy analyst Samara Marion leads the agency's policy work. In 2014, the OCC made recommendations that addressed a variety of law enforcement practices including language access, children of arrested parents protocols, domestic violence procedures, communication with sexual assault victims, and officer-initiated driver incapacity proceedings.

The OCC commenced its 2014 language access work with the completion of an officer training video entitled "Deetecting and Overcoming Language Barriers." During the previous year, in collaboration with SFPD and community advocates, the OCC assisted in the scripting,

Page 35 of 48

filming and editing of the training video. Using a domestic violence incident involving a Spanish-speaking victim and an elder-abuse incident involving a Cantonese-speaker, this training video identifies the common signs that language assistance is needed. It also addresses how evidence of a dominant aggressor and elder abuse can be overlooked because of a language barrier. The officer training video can be viewed at <http://www.youtube.com/watch?v=i8qY1z0ts>). The Department of Justice has included it on its LEP resources website. (<http://www.lep.gov/resources/resources.html>)

Throughout 2014 the OCC met monthly with domestic violence and sexual assault service providers, language access advocates, city agencies, and the Police Department, a practice the OCC initiated in 2012 to address on-going language access concerns. The OCC initiated several LEP projects, including a plan to increase bilingual certification opportunities for SFPD officers and civilians, enhanced LEP report-taking at district stations, and SFPD data collection on in-person interpreters and language line use.

In partnership with Mujeres Unidas and the Asian Pacific Islander Legal Outreach, policy attorney Marion provided training on language access issues for advocates assisting immigrants who are domestic violence and sexual assault survivors. This training occurred during Domestic Violence Awareness Month and was well attended.

Annually, the OCC provides SFPD a summary of language access complaints to facilitate the Department's compliance with the San Francisco Language Access Ordinance (San Francisco Administrative Code §91.1). During the 2013-2014 fiscal year, the OCC received or closed sixteen (16) complaints against eighteen (18) officers involving violations of Department General Order 5.20, the Department's language access protocol. During the reporting period, the OCC made the following findings in thirteen (13) cases involving fifteen (15) officers alleging DGO 5.20 violations: six allegations were sustained; three allegations were not sustained; two allegations were proper conduct; one allegation was unfounded; and three allegations resulted in a no finding.¹⁵

The OCC's policy work in 2014 also focused on children of arrested parents. During the first quarter the OCC worked with the Department and representatives from San Francisco Children of Incarcerated Parent's Partnership to finalize Department General Order 7.04 (Children of Arrested Parents), a DGO the OCC proposed in 2013. This DGO requires officers to inquire whether the arrested adult has a child under 18 years of age for whom the adult is responsible. The DGO establishes arrest procedures such as arranging for another family member to care for the arrestee's children and handcuffing a parent outside the presence of their children. These procedures are designed to prevent a child from being left without care following a parent's arrest and to reduce the traumatic impact of a parent's arrest on a child. On May 7, 2014, the Police Commission unanimously adopted DGO 7.04.

¹⁵ Three cases were pending at the time the OCC provided SFPD its summary and thus, the OCC's findings concerning these three cases are not reported herein.

Following the adoption of DGO 7.04, the OCC developed a script for an officer training video. Working in collaboration with the Department, the OCC initiated filmed interviews with youth from Project What who had witnessed their parent's arrest, so that their experiences would be included in the SFPD officer training video. The OCC also helped coordinate a focus group involving Project WHAT youth and patrol officers to exchange information about arrest procedures involving parents with children. Two immediate recommendations resulted from these partnerships: 1) the need for officer training that emphasizes that often there are no signs that an arrestee is a parent and 2) an incident report writing system that incorporates DGO 7.04's documentation requirements including whether the officer asked the arrestee if he or she has a child they care for, who has been designated for the child's care, and the names, ages, and school notification for each child. The OCC revised the officer training video so that it now features a traffic arrest in which there are no indications that the driver is a parent. The OCC continues to advocate for incident report writing features to assist officers in fulfilling the documentation requirements under the new DGO.

On August 21, 2014 OCC Director Hicks and policy attorney Marion met with representatives from the Washington, D.C.-based Urban Institute. The Urban Institute selected San Francisco as a study site, in part, because of the collaborative work of community-based organizations, the Police Department, and the OCC in establishing an arrest procedure for parents. Discussion focused, in part, on the unique role civilian oversight agencies can play in facilitating partnerships among community, government and law enforcement agencies.

During 2014, the OCC proposed revisions to Department General Order 6.09 that would require police to interview domestic violence victims in private and provide translated emergency protective orders and domestic violence referral cards to Limited English Proficient victims. The OCC also recommended that following the adoption of revisions to DGO 6.09, data be collected and reported to the Police Commission regarding referrals to Family and Children's Services during domestic violence calls. On October 8, 2014, the Police Commission adopted revisions to DGO 6.09.

In 2014, the OCC also recommended that the Department adopt written procedures and provide training on officer-initiated driver incapacity proceedings. Vehicle Code § 21061 permits an officer to issue a notice of Department of Motor Vehicle re-examination to a driver who shows signs of mental or physical incapacity while committing a traffic violation. Because officers have to comply with evidentiary and notice requirements to initiate the DMV priority re-examination proceeding and OCC investigations had determined that some officers have initiated these proceedings without cause, the OCC made the following recommendations:

1. Require a supervisor's authorization to initiate DMV re-examination of a driver (for both priority re-examination and non-priority re-examination);

2. Require the officer initiating the DMV re-examination proceeding to book into evidence a copy of officer's completed and signed DMV re-examination form;
3. Require the officer initiating the DMV re-examination proceeding to document in an incident report the following information:
 - the factual basis for the re-examination;
 - the time, date, and manner in which the officer provided the driver a written copy of the DMV re-examination form;
 - the supervisor who authorized the DMV re-examination; and
 - that the officer booked into evidence a copy of the DMV re-examination form.
4. Issue a priority "A" Department Bulletin immediately that states the legal standard and notice requirements to initiate a DMV priority re-examination of a driver and include the three procedures described above.
5. Provide training to all officers and recruits consistent with the above-mentioned procedures as soon as the Department Bulletin is issued.

The OCC's recommendation that the Department adopt written procedures and provide training on officer-initiated driver incapacity proceedings resulted in the issuance of Department Bulletin 14-135 on May 13, 2014. The new procedures established in Department Bulletin 14-135 require a supervisor's authorization to initiate a driver incapacity proceeding and an incident report that documents the factual basis for the re-examination and the manner in which the officer notified the driver.

And lastly, in response to a complaint from a sexual assault victim, the OCC recommended that the Department adopt written procedures concerning communication with victims whose case is under investigation. The OCC also recommended that investigators notify victims of the disposition of their case in a timely manner. In October 2014, the Special Victim's Unit issued a Unit Order that requires its investigators to communicate with the victims regarding the status of their case within two days of the District Attorney's decision and to include their direct office phone number, Department-issued cell phone number and e-mail address on their business cards.

By working with community stakeholders, city agencies and the Police Department on a wide range of projects throughout 2014, the OCC advanced its policy work to enhance police-community relations while ensuring effective police services.

XVII. MEDIATIONS

The OCC's mediation program provides officers and civilians a unique opportunity for dispute resolution in certain types of complaints. In 2014, the OCC mediated 50 cases. This number represents over 7% of the number of complaints closed in 2014 - a small decrease in actual mediations and in the total percentage of complaints mediated in past years.

The mediation program creates a forum for officers and civilians to have a frank discussion regarding the complaint and serves as an educational experience for all participants. In addition to the non-confrontational opportunity for dispute resolution, the mediation program provides the following unique benefits which are unavailable under the investigative process:

Time savings.

Mediation allows cases to be processed expeditiously. In 2014, mediated cases were open an average of 79 days, contracted with all cases (including mediations) being open an average of 163 days.

Cost savings.

Cases are mediated by a current roster of over 180 volunteer mediators who conduct mediations without charge. Additionally, mediated cases relieve the investigators from additional casework. The 50 cases mediated in 2014 equal a full-time investigator's annual caseload.

Greater Satisfaction for Complainants and Officers

In the voluntary and anonymous exit survey that is set forth below, 96% of the participants were satisfied or very satisfied with the mediation program. This represents a 2% increase in the satisfaction rate over 2013.

The following responses were received in the OCC mediation exit survey during 2014:

Rating of participant's experience with the mediation process:

- 54% - very satisfied
- 31% - satisfied
- 4% - dissatisfied.

Whether the mediation location provided a safe environment to freely express concerns and issues:

99% - yes
1% - no

Percentage of mediation participants who felt they had the opportunity to be heard and express their thoughts:

99% -yes
1% -no

Percentage of participants who felt that the other party fully participated in the mediation:

99% - yes
1% - no

Percentage of participants who felt that the mediators accurately identified and addressed the core issues of the complaint:

100% - yes
0% - no

Percentage of participants who felt that the complaint was totally resolved at the mediation:

Totally resolved – 53%
Partially resolved – 35%
Not resolved at all – 13%

Two examples of successful mediations follow:

Example #1

The Complainant is a long time resident of the Bayview District and has served on numerous committees and neighborhood groups in the area. She was walking her dogs near Candlestick Point early one morning when she noticed a car in the area that appeared to be abandoned. The vehicle had been driven through a wooden fence taking out plantings and coming to rest next to a tree. The air bags had been deployed. She called 911 and was connected to the Highway Patrol who in turn connected her to SFPD. The dispatcher asked her to return to the vehicle and get the license number. The Complainant did so and relayed the information to the 911 dispatcher.

May 13, 2015

Page 40 of 48

On her way home, two officers appeared on the scene and stopped to speak with her. The Complainant told the officers she had reported the suspicious vehicle. The officers asked for her address and phone number and she provided the information. Then one of the officers asked for her driver's license. The Complainant asked the officer why he needed identification. She told the officer that the intrusive questions police ask are a large part of the reason citizens do not want to get involved with the police. The Complainant walked away telling the officers "Good day and good luck." One of the officers shouted to the woman telling her that they could easily get the information from the computer system. The Complainant felt that officer's questioning and behavior was inappropriate.

At the mediation, the officer explained department policy about reports of stolen vehicles and apologized for any miscommunication that may have occurred. He told the Complainant that officers wanted to have good relationships with community members and valued their assistance in helping to make the neighborhood a safer place. The Complainant indicated that she was happy the officers understood her concerns and appreciated their commitment to the job.

Example #2

The complainant is the son of a SFPD officer. He has lived in the same area of the City for many years. The garage next door to the complainant's home was broken into and approximately \$20,000 worth of property was taken. The responding officers were polite and efficient. However, the officers told the complainant that when they contacted CSI, they were told there would be no response because the possible fingerprints were close to the ground and could have belonged to anyone. They told the complainant that property crimes were a low priority in SF and even if they found a perpetrator, there would be little punishment.

The complainant was concerned that the department did not take a more aggressive stance investigating and prosecuting criminal activity. There has been very little crime in his neighborhood and he wants to make sure that does not change. A representative from the station met with the Complainant and explained the criteria for processing scenes.

The effectiveness of the OCC's mediation program is acknowledged well beyond the officers and complainants who participate in it. During 2014, the OCC Mediation Coordinator was contacted by representatives from Dayton Ohio, the LAPD Internal Affairs Department and City Attorney's Office, the St. Louis Community Mediation Program, the LA County Inspector General's Office, the Albuquerque New Mexico City Attorney's Office and the New Orleans Office of the Inspector General.

Consultants working with the LAPD had been in contact with the OCC Mediation Coordinator over the past few years regarding the implementation of a mediation program in that jurisdiction. In March, the mediation coordinator traveled to LA where she met with

May 13, 2015

Page 41 of 48

members of the LAPD Internal Affairs Command Staff and Sergeant Marlon Marrache of the LAPD Internal Affairs Offices, as well as Shaphan Roberts of the City Attorney's Office. At that time, the department had completed a very nominal number of mediations. The mediation coordinator and two mediators, presented a program for approximately 75 employees of Internal Affairs, the City Attorney's Office, and the LAPD mediators. The program was well received and the evaluations were excellent.

In December, LAPD Sergeant Marrache traveled to San Francisco to look at the OCC's program first hand. While here, the sergeant spent time with staff members of the OCC, met with a group of mediators from our program as well as a SFPD captain, a POA representative, and several SFPD officers who had participated in OCC mediations to discuss the mediation program from the standpoint of the officers. The sergeant also spent time with the SFPD's Internal Affairs Department's Captain Chris Pedrini and his staff.

In August, Joyce Hicks, OCC Executive Director and member of the board of directors of the National Association of Civilian Oversight of Law Enforcement hosted an event for civilian oversight practitioners from Northern California. The mediation coordinator offered a brief overview of police/civilian mediation programs.

In addition to administering the OCC's mediation program, this year the mediation coordinator attended the mediation trainings at UC Berkeley and Hastings College of the Law to promote the program among mediators and community members. The coordinator also represented the mediation program at numerous local events including the Peninsula Conflict Resolution Center's ADR event exploring communities working with police agencies and NGOs.

In 2014, the mediation coordinator provided an orientation for twenty new mediators enlarging our pool of mediators to increase our mediation capacity.

The mediation program continues to be an effective educational tool for officers and complainants alike. The eligible officer participation rate was 95% and 62% of complainants offered mediation agreed to participate. Of the officers who declined to meet, 83% cited their experience with the specific Complainant or the circumstances of the complaint as the reason for declining. In 2015, the OCC will continue to promote the mediation program and intends to increase the number of appropriate cases that can be resolved through dispute resolution.

XVIII. OUTREACH

Since 2008, the OCC has followed its annual Community Outreach Strategic Plan which outlines its outreach goals in the areas of community presentations and partnerships, language access, training, website development, media relations, and program effectiveness and resources. By using a community-based approach that relies upon presentations, widely distributed written materials in multiple languages, and the OCC website, the OCC's

Outreach Strategic Plan provided a roadmap for strengthening its relationships with communities which historically and statistically, were likely to have encounters with the police. The OCC's Community Outreach Strategic Plan also sought to reach communities that have been racially, culturally or linguistically isolated from police services. The OCC has successfully implemented this ambitious outreach strategy.

In 2014, the OCC continued to work in coalition with representatives of numerous legal and community groups such as the Asian Law Caucus, Asian Pacific Islander Legal Outreach, the Coalition on Homelessness, the Mental Health Association, the National Alliance on Mental Illness (NAMI) the San Francisco Youth Commission, Huckleberry Community Assessment and Referral Center, and the Sunset Youth Community Services, to name a few.

In addition to its work investigating complaints, the OCC continued its efforts to inform members of the Department and community about the OCC's services and procedures. OCC representatives made presentations to Police Academy classes at the beginning and end of their training, and at Police Commission community meetings held in the Park, Southern, Northern, Richmond, Central, Mission, and Ingleside Districts as well as meetings called to address other matters of public concern.

Representatives from the OCC also gave presentations to other groups including mediation classes at UC Berkeley Extension and Hastings College of the Law, the Domestic Violence Consortium, the Family Violence Council, UC Berkeley Boat Hall Women of Color Attorneys, The Urban Institute, the University of San Francisco Law School, the Youth Commission, the National Association of Civilian Oversight of Law Enforcement, the Sonoma County Community and Law Enforcement Task Force, the Sojourner Truth Family Service Agency, and San Francisco Children of Incarcerated Parents.

Director Joyce Hicks and Deputy Director Erick Baltazar provided a two hour presentation on the OCC and civilian oversight to a delegation of government officials from India who were enrolled at UC Berkeley's Goldman School of Public Policy.

In August, the OCC hosted a reception for members of Northern California Civilian Oversight Agencies. Policy Analyst Samara Marion and Mediation Coordinator Donna Salazar of the OCC staff offered presentations facilitated by Director Hicks.

In September, Director Hicks led a delegation to the NACOLE Conference in Kansas City. Policy Analyst Marion spoke on a panel addressing "Police Oversight's Role in Police Training."

In April, the San Francisco Examiner interviewed Director Hicks regarding the functions of the OCC, and in May, the Examiner interviewed Policy Analyst Marion regarding the new policy addressing children of arrested parents . In August, Policy Analyst

May 13, 2015

Page 43 of 48

Marion was interviewed on KMEL Radio regarding youth rights when dealing with law enforcement.

In 2014, OCC staffed tables at four Operation Homeless Connect events in the Civic Center area, as well as the Bayview Connect, the LGBQ Connect, the Bayview Hunters Point Back to School Celebration, the Western Addition Back to School Celebration, Mayor's Office of Youth, Children, and Family's Summer Resource Fair, and the SFPD Youth Resource Fair, National Night Out in the Western Addition, Ingleside, Visitation Valley, and Bayview Districts, the Western Addition Senior Resource Fair, the Southeast Community Resource Fair, the Transgender Health Fair, and the Chinatown Resource Fair.

The OCC regularly distributed complaint forms and brochures in six languages to all police stations, the District Attorneys Office, the Public Defenders Office, the Mayors Office of Neighborhood Services, the ACCESS Center, all twenty-seven branch libraries, the Mayors Office on Aging and Adult Services, La Raza Centro Legal, and community centers including Community Boards, the Ella Hill Hutch Community Center, the Bayview Hunters Point Family Resource Center, the Bernal Heights and Mission Neighborhood Centers, the African American Resource Center, Community United against Violence, North Beach Neighborhood Homeless Services, Lyric, the LBGT Community Center, Episcopal Community Services, the Third Street Youth Center, Horizons Unlimited, Arriba Juntos, the African Immigrant Resource Center, and the Yerba Buena Community Center.

OCC staff members also met with representatives from the UC Berkeley Law School Women of Color Collective, the SF Youth Commission, SF Women Against Rape, New York Legal Services, the Thelton E. Henderson Center of Social Justice, the LA County Inspector General's Office, Oakland City Councilmember Noel Gallo, a delegation of government officials from India with the Goldman School of Public Policy, the Urban Institute, Mujeres Unidos and the Asian Pacific Islander Outreach staff,

In 2009, the OCC initiated a system of evaluating our outreach efforts. The data collected in 2014 indicates that all of the presentations offered met the expectations of the audience, were given by presenters knowledgeable about the subject matter, and provided substantive written materials. Every evaluator indicated they would attend future OCC presentations and would recommend the presentation to others.

In addition to evaluating our presentations the OCC uses a self-evaluation document for resource fairs and other events. The data gathered from these documents allows the OCC to consistently improve our outreach efforts and to reach our targeted audiences.

XIX. CLERICAL UNIT

In 2014 the OCC Clerical Unit, supervised by Principal Clerk, Linda Taylor, and staffed by two clerk typists and two senior clerk typists, received and input 728 complaints in the database, typed the disposition letters and updated the database for 706 closed cases.

The OCC received the following document requests:

- 130 requests to process Pitchess Motions involving 398 San Francisco Police Department members.
- 127 PIP requests from the Police Department for information under the Performance Improvement Program (DGO 3.18) involving 251 San Francisco Police Department members.
- 56 document requests for Investigative Hearings from a combination of Police Department officers and complainants.
- 34 document requests from the Office of the City Attorney.
- 12 requests from federal courts.
- 8 requests from the Public Defender.
- 5 California Public Records Act requests.

In response to requests, the OCC mailed 62 complaint forms. The OCC's customer satisfaction surveys were mailed to officers and complainants in 644 cases in 2014.

The OCC paid \$7,363.32 in off-site storage costs for documents filed and documents retrieved in 2014.

XX. INFORMATION TECHNOLOGY UNIT

The Information Technology unit supports all aspects of the OCC's work. With minimal help, Chris Wisniewski, the OCC's Information Services Business Analyst ("IS Business Analyst") builds and maintains all of OCC's hardware, software, communications, database, intranet, website and external reporting systems. In 2014, these systems remained stable and reliable with no data loss or serious incidents of downtime or disruption to staff.

May 13, 2015

Page 45 of 48

Outside of the day to day cycle of administration, support, maintenance and troubleshooting, Mr. Wisniewski oversaw the completion and public release of OCC's Online Complaint Form/Application which went live on in August 2014. Between August and December 31, 2014, the OCC received 20 online complaints.

Mr. Wisniewski also set up a basic but multilingual organizational presence on Facebook and at the end of the year undertook a long deferred project involving the virtualization and upgrade of OCC's intranet, index, scheduling and fax server systems. This final item lays the important foundation for next generation document management, collaboration and streamlining of staff workflows.

Other tasks performed included assisting investigators with matters involving Muni's closed circuit system, ATM cameras, mobile devices, the internet, and other forms of audio/visual evidence. The IS Business Analyst set up phones, various accounts and trained investigators and other staff on OCC systems. He, himself also attended training on the City's new website tool.

The IS Business Analyst also produced several special reports including those based on Department General Order 5.20 (Language Access Services), Rights of Onlookers as well as requests from the media including NBC Bay Area and the Examiner. He also provides quarterly statistics for the Document Protocol Report for the Police Commission and he produced statistics for all monthly reports, quarterly reports and this annual report for 2014.

XXI. PERFORMANCE MEASURES

Performance measures are a part of the OCC's annual budget. The budget is adopted on a fiscal year that runs from July 1 through June 30. The performance measure data is adjusted to a calendar year basis for the purposes of this report. The statistics below are based on the calendar year 2014 and the targets have been adjusted to average the targets and projected numbers for two fiscal half years, i.e., the latter half of fiscal year 2013/2014 (January 1 through June 30, 2014) and the first half of fiscal year 2014/2015 (July 1 through December 31, 2014).

1. Goal 1 - Address civilian complaints of police misconduct professionally and efficiently

a. Measure No. 1 – Number of cases closed during the reporting period.

To close as many or more cases than the number of new complaints filed annually and to adequately address the agency's backlog, OCC investigators are required to close 4 or more cases per month. The average target for 2014 was set at 750. The number of cases closed from January 1 through December 31, 2014 was 706.

While the OCC was budgeted for 17 OCC investigators, the OCC operated with only 14 investigators due to vacancies. Of the 14 investigators, one investigator served as an acting senior investigator supervising journey level investigators during the entire calendar year. Another one of the 14 investigators was appointed to an acting senior investigator in October 2014. Consequently, the OCC was unable to meet its target of 750.

- b. Measure No. 2 – Number of complaints closed during the year per FTE investigator.

To close as many or more cases than the number of new complaints filed annually and to adequately address the agency's backlog, OCC investigators are required to close 4 or more cases per month. The average target for 2014 was set at 48 cases per year per FTE investigator. The number of cases closed per FTE investigator from January 1 through December 31, 2014 was 44, falling short of OCC's target of 48. Proper case management, along with full investigative staffing, will ensure that investigators close an average of 4 or more cases per month.

- c. Measure No. 3 – Number of cases sustained during the reporting period.

This performance measure identifies the number of completed investigations that contained at least one sustained allegation. There is no target or projection because such a target may give the impression that the agency's mission is to find misconduct where there is none. However, the measurement is used to comparatively evaluate agency workload and performance, as well as to evaluate caseload management. The number of sustained cases from January 1 through December 31, 2014 was 58 or an 8% sustained rate.

- d. Measure No. 4 – Percentage of sustained cases completed within the one-year statute of limitations under government code 3304.

Section 3304 of the California Government Code dictates that all investigations of police misconduct should be completed within one calendar year. The OCC has put into place mechanisms to track cases throughout the investigative process and to identify potentially sustainable cases early in the investigation. Proper case management, along with full investigative staffing, will ensure that all cases be fully investigated within the limits imposed by Section 3304 of the California

Government Code. The percentage of cases completed within the one-year statute of limitations from January 1 through December 31, 2014 was 100%.

- e. Measure No. 5 – Percentage of sustained cases that resulted in corrective or disciplinary action by the Chief or Police Commission.

The number of sustained cases that resulted in corrective or disciplinary action from January 1 through December 31, 2014 was 100%. Of the 61 cases considered by the SFPD, discipline or other corrective action was imposed in all 61 cases.

- f. Measure No. 6 – Number of cases mediated during the reporting period.

The OCC's goal is to mediate 5 cases per month or 60 cases per year. From January 1 through December 31, 2014, the OCC mediated 50 cases.

2. Goal 2 - Facilitate corrective action in response to complaints

- a. Measure No. 1 – Number of findings of policy, procedure, or practice failure identified in the OCC caseload during the reporting period.

The OCC does not provide a numerical target for the number of policy, procedure and/or practice failures in the OCC caseload because such a target may give the impression that the agency's mission is to find a particular number of policy, procedure and/or practice failures where there may be none. The OCC's goal is to make policy, procedure and/or practice recommendations that address the policy, procedure and/or practice failures identified in the OCC's cases. From January 1 through December 31, 2014, the OCC identified three (3) policy failure findings in the OCC's caseload.

- b. Measure No. 2 – Number of policy, procedure, and practice findings presented to the SFPD or the Police Commission.

The number of policy, procedure, and practice findings presented from January 1 through December 31 2014 was nine. The OCC does not provide a numerical target for the number of policy, procedure, practice recommendations because such a target may give the impression that the agency's mission is to find a particular number of policies, procedure, practice recommendations where there may be none. The OCC's goal is to make policy, procedure and/or practice recommendations that address the policy, procedure and/or practice failures identified in the OCC's cases.

It should be noted that policies presented to the Police Commission and/or SFPD during the measurement period were not necessarily the same ones that were identified

Office of Citizen Complaints 2014 Annual Report

in the OCC caseload during the measurement period because of the agency's prioritization of policy issues and the agency's need to provide recommendations in response to policy issues raised by either the Police Commission or SFPD. In addition the OCC continued its work to implement and monitor prior policy recommendations made to the SFPD.

Due to severe staffing challenges, OCC staff was unable to meet two of its case closure performance measure targets. However, confidence in OCC sustained case conclusions by both the Police Chief and the Police Commission was evidenced by a 100% concurrence rate, and all sustained cases were completed within one year. Even though the fifty cases mediated in 2014 did not meet the target of 60 cases, the OCC's mediation program remains a national model and the OCC's innovative outreach program continues to reach the underserved. The OCC's policy work continues to provide the Police Department with recommendations on practices that will enhance community and police interactions.

XXII. CONCLUSION

City budget constraints continue to hamper hiring additional investigators in 2014 but the OCC remained committed to promptly, fairly, and impartially investigate complaints against San Francisco police officers and to make policy recommendations concerning police practices.

8.	An officer failed to write a complete incident report because it omitted the parking citation he issued to the complainant and in the incident report the officer also omitted reference to the priority reexamination proceeding he initiated against the complainant.	In violation of DGIs 5.08 and 9.01, officers in plain clothes issued the complainant a traffic citation when there was no evidence that the complainant's driving created an aggravated situation requiring the officer's immediate attention.	One of the officers incorrectly cited the complainant for parking in a prohibited area, Traffic Code section 32B, when the officer claimed that the complainant refused to pay the parking meter and had parked too far from the curb.	An officer wrongfully ordered a DMV priority reexamination of the complainant's driver's license in apparent retaliation for the complainant's attitude and not because the complainant showed signs of incapacity while committing a traffic violation. The officer also failed to notify the complainant that if he did not contact the DMV in five days, his license would automatically be suspended causing the DMV to suspend the complainant's license.

					In violation of DGOs 1.04 and 1.06, a sergeant approved an incident report that clearly showed the Field Training Officer and the recruit's failure to follow Department policy.

8.	In violation of DGOs 5.08, Non-Uniformed Officers and 9.01, Traffic Enforcement, while in plain clothes and driving an unmarked vehicle, officers initiated a traffic stop and issued the complainant a traffic citation for conduct that did not constitute an "aggravated situation."	By conducting a traffic stop in violation of DGOs 5.08 and 9.01, the officers detained the complainant without justification. Policy Recommendations – First Quarter 2014

Case No.	Allegation	Policy Recommendation
A.	Neglect of Duty	<p>The complainant alleged that the Department failed to disclose a \$100,000 gift from a venture capitalist and sixty (60) laptop computers donated by a computer manufacturing corporation in violation of the disclosure requirements established by the California Fair Political Practices Commission (FPPC).</p> <p>The OCC investigation determined the Department did not receive the \$100,000 cash gift from the venture capitalist. Instead, the money went from the venture capitalist to a mobile application developer to develop technology in mobile devices that would be used by police officers. Development of the technological application would allow officers to build investigative case files in the field rather than returning to the station in order to prepare them. The company developed a prototype, but as of the closure of this complaint, the Department had not received the prototype. Thus, the Department's reporting obligations have not yet been triggered.</p> <p>Concerning a gift of sixty laptops, the SFPD notified the Police Commission of the gift of the sixty laptop computers at the July 11, 2012 Police Commission meeting. The Police Commission approved a recommendation to the Board of Supervisors to accept the gift. The gift of the sixty laptop computers has subsequently been listed (around August 2013) on the SFPD website, although the Department did not initially post the gift to its website. The SFPD has now included on its website a section entitled Department Gifts and Donations list and has included donations from 2010-2013.</p> <p>The investigation also determined that DGO 2.01, titled "General Rules of Conduct," Section 27 (Gifts, Compensation, Rewards) did not adequately address the Department's obligations concerning gifts. On January 23, 2014 the SFPD issued Department Bulletin 14-026 (Protocol and Form for accepting Gifts, Compensation, Rewards). This Department Bulletin updated the Department's procedures by setting forth the San Francisco Administrative Code's requirements for accepting a gift. Pursuant to this Department Bulletin, officers are required to use the Donor Disclosure/Gift Acknowledgement Form, obtain permission to accept the gift by the Police Commission, and for gifts over \$10,000, obtain Board of Supervisor approval. Officers are also required to complete all mandated paperwork, including the State's Fair Political Practice Commission Form 801. Last, all gifts once approved shall be posted on the Department's website.</p> <p>The OCC concluded that the conduct alleged in the complaint was the result of a policy failure and that the Department has since enhanced its procedures to comply with applicable rules governing the acceptance of gifts.</p>

Policy Recommendations – First Quarter 2014

Case No.	Allegation	Policy Recommendation
None	None	<p>The OCC recommended that the Department adopt written procedures and provide training on officer-initiated driver incapacity proceedings. Vehicle Code § 21061 permits an officer to issue a notice of Department of Motor Vehicle re-examination to a driver who shows signs of mental or physical incapacity while committing a traffic violation.</p> <p>Because officers must comply with evidentiary and notice requirements to initiate the DMV priority re-examination proceeding and OCC investigations have determined that some officers have initiated these proceedings without cause, the OCC made the following recommendations:</p> <ol style="list-style-type: none"> 1. Require a supervisor's authorization to initiate DMV re-examination of a driver (for both priority re-examination and non-priority re-examination). 2. Require the officer initiating the DMV re-examination proceeding to book into evidence a copy of officer's completed and signed DMV re-examination form. 3. Require the officer initiating the DMV re-examination proceeding to document in an incident report the following information: <ol style="list-style-type: none"> a. the factual basis for the re-examination; b. the time, date, and manner in which the officer provided the driver a written copy of the DMV re-examination form; c. the supervisor who authorized the DMV re-examination; and d. that the officer booked into evidence a copy of the DMV re-examination form. 4. Issue a priority A Department Bulletin immediately that states the legal standard and notice requirements to initiate a DMV priority re-examination of a driver and includes the three procedures described above. <p>Provide training to all officers and recruits consistent with the above-mentioned procedures.</p>

Policy Recommendations – Second Quarter 2014

Case No.	Allegation	Policy Recommendation
A. Neglect of Duty	The complainant, who was the victim of a sexual assault, alleged that the named officer failed to respond to her phone calls and e-mails concerning the status of the investigation. The complainant did not learn about the District Attorney's decision not to prosecute the case until many months later, and only after the complainant called the Special Victims Unit several times requesting an update.	There is no written Department policy that imposes an affirmative duty upon San Francisco Police Department members of the Investigation Bureau or Special Victims Unit to maintain regular contact with a victim in a case under investigation. There is also no written Department policy that requires San Francisco Police Department members of the Investigation Bureau or Special Victims Unit to notify a victim of the disposition of the victim's case. The Office of Citizen Complaints recommends that written procedures be adopted that require regular status updates with crime victims whose cases are under San Francisco Police Department investigation.

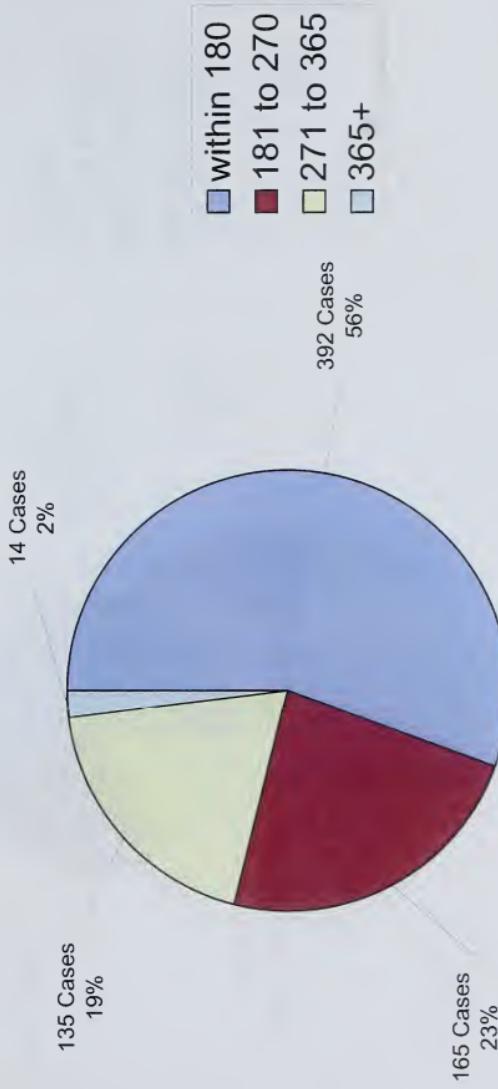

POLICY RECOMMENDATIONS – 3rd QUARTER 2014

Case No.	Type of Allegation	Policy Recommendation
A	Neglect of Duty	<p>During the investigation of a complaint involving a traffic stop, evidence suggested that officers in a specialized unit failed to make Traffic Stop Data Collection Program (E585) entries for 76% of the vehicle stops they made. The sergeant supervising this specialized unit stated that he was unable to access the E585 entries made by the officers he supervised and thus could not determine whether the officers were complying with Department requirements concerning traffic stop data collection.</p> <p>The OCC recommends that the Department require supervisors of specialized units to compare E585 entries of their subordinates with the number of traffic stops that subordinates make and report regularly on compliance rates to the Chief of Police.</p>

POLICY RECOMMENDATIONS – 4th QUARTER 2014

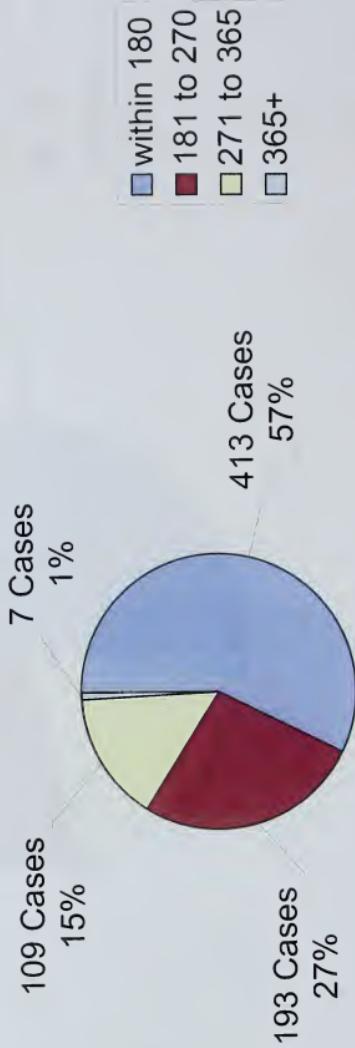

Case No.	Type of Allegation	Policy Recommendation
-	-	There were no cases resulting in a policy failure recommendation in the fourth quarter of 2014.
